No-compromise Style, Productivity, and Value

Meet your company's technology goals with a stylish device carefully engineered for business mobility. Equipped with the latest Intel® Core™ processors up to 32GB of DDR4 RAM in two configurable slots, and PCIe SSD storage of up to 2TB, the new Satellite Pro C40/C50 series feature a special anti-bacterial paint coating³ which inhibits the growth of microorganisms by up to 99.9%.

Designed to look the part

Weighing from 1.36kg¹ (Satellite Pro C40-K) and from 1.52kg¹ (Satellite Pro C50-K), the sleek and stylish Satellite Pro C40/C50 series are less than 19mm in thickness and are coated in modern dark blue. Its non-reflective matte surface, paired with an aesthetically pleasing ergonomic keyboard and a large ClickPad for accurate control, complements any kind of work environment and makes work a joy thanks to its long battery life.

Make Any Environment Your Workspace

The Satellite Pro C40/C50 series may be sleek and compact, but they are fully loaded with connectivity. Besides having three USB 3.2 Type-A ports, built-in Bluetooth® 5.2, and a microSD card reader, the Satellite Pro C40/C50 series also feature a HDMI port for plug-and-play connection to external screens, USB 3.2 Type-C ports for charging, external display, and data transfer, as well as and reliable Gigabit LAN and 802.11ac Wi-Fi for effortless network access.

Made for Hybrid Working

Enjoy a seamless remote experience with premium audio visual tools and conferencing buttons on the ergonomic keyboard, to easily engage with work or study colleagues. Powered by the latest AI technology, all audio-visual integration provides crystal clear conferencing regardless of the surroundings or the clarity of the audio stream of others on the call.

Security You Can Trust

The Satellite Pro C40/C50 series come with enterprise ready security features such as Trusted Platform Module (TPM) 2.0 so information is encrypted on the device. To enhance protection for security, the Satellite Pro series offers optional robust fingerprint biometric authentication, optional face authentication camera, and an integrated webcam privacy shutter with a security cable lock slot for greater peace of mind.
